

Roly-Poly Rice Ball— A Story from Japan

ACTIVITY SHEET #1

Rice balls are good to carry with you when you travel. Long ago, Japanese men would carry them in a special pocket in their sleeves. With a colored marker, highlight the path that rolls the rice ball from the man's hand to the mouse. With a different colored marker, highlight the path that places the mouse's small box at the man's feet.

Read the hidden message above to find the treasure in this story:

Which treasure box would you have picked?

What would be in it?
